PROFILE

I'm a young woman with a degree in Computer Science from the University of Minho. From an early age, I discovered a passion for exploring the digital world and turning ideas into reality. I'm known for my charismatic, forthright and friendly personality, characteristics that make me an excellent collaborator in work teams. I have a natural ability to learn easily and face challenges with determination. I'm a resourceful person, always ready to find innovative solutions to a variety of problems.
